**DELIVERY MADE EASY**

# WALTCO FM SERIES

## THE ULTIMATE FINAL MILE SOLUTION

Final mile delivery is a booming market, but there is a constant battle to improve efficiency as the market sector evolves from basic goods to bulky, expensive home goods.

Keep delivery promises and deliver more, faster and safer, for both driver and cargo, with the WALTCO FM Series. It gives you all the advantages of a liftgate, without the added weight.

### Faster Delivery

The innovative solution, WALTCO FM Series is a full-closure liftgate functioning as a combined rear door and liftgate. It can safely handle up to 1,600 pounds of cargo as soon as you open up the back of your truck by lowering the liftgate – no wasted delivery time.

WALTCO FM Series reduces liftgate operation time by 45%, when compared to a traditional flipaway liftgate.

### Lighter Weight

The WALTCO FM Series integrated back door and liftgate saves weight. Fuel consumption is cut by up to 2.5% since it weighs on average 500 pounds less than a traditional liftgate, which reduces the carbon footprint.

### Safer Fleets

Using a liftgate means safe operation for both cargo and delivery drivers. Ergonomic operation minimizes workplace accidents and boosts driver satisfaction.

You won't have to worry about delivery drivers compromising safety for efficiency since the FM Series acts as the rear door and must be utilized to access payload.

## SAFER OPERATION

- Safety handrails keep cargo and drivers safe.
- Cart stops help keep control of loads, preventing them from falling off the platform.

## FASTER DELIVERY

- The FM Series liftgate operation time is nearly twice as fast as a traditional flipaway lift.
- Offers improved goods unloading efficiency with all the safety risks removed.

## LIGHTER WEIGHT

- About five hundred pounds lighter than a traditional flipaway.
- Lightweight WALTCO FM Series can save around \$1,250\* over its lifetime.

\* Fuel savings based on 2.5% per hauled 500/lbs.

# QUICK FACTS

Sold in collaboration  
with Morgan Truck Body

## Platform Features

- Large aluminum platform size - 50" with 8" fixed ramp
- Cart stops
- Safety handrails
- Load safety device on each runner

Model	Capacity	Platform	Ramp	Body Type	Body Size	Approx. Wgt.
FM1000	1,000 lbs	50" x 75"	8"	Morgan MiniMover (Coming Soon)	80" W x 78" H	564 lbs
FM1000	1,000 lbs	50" x 91"	8"	Morgan CityMax	96" W x 85" H	646 lbs
FM1000	1,000 lbs	50" x 91"	8"	Morgan CityMax	96" W x 91" H	653 lbs
FM1600	1,600 lbs	50" x 91"	8"	Morgan Gold Star	96" W x 85" H	676 lbs
FM1600	1,600 lbs	50" x 91"	8"	Morgan Gold Star	96" W x 91" H	683 lbs

## Optional Features

Operation	Installation
Solar charging Cab shut off Factory installed cycle counter	Aux battery kit
