

ZEPRO Z15/20

Suitable segments

- Vehicle hire
- Food and Beverage distribution
- Laundry delivery
- Construction material delivery
- Vehicle rental
- Home delivery services

The ZEPRO Z15/20 is a hard-working tail lift delivering extreme reliability and efficiency with advanced hydraulics, robust steel construction featuring multiple platform configurations, low-maintenance design, and simple installation – cutting downtime by up to 66% and maximising ROI in the toughest environments.

Built for extreme reliability

Engineered to endure the toughest environments for heavy vehicles over 12 tonnes. Internal housing protects hydraulics and electronics from weather and damage, ensuring consistent uptime and long-term reliability.

Fast, smooth & safe operation

Advanced hydraulics enable quick, controlled lifting even on tight or uneven sites. Ergonomic and intuitive controls enhance operator safety and reduce fatigue, boosting overall delivery efficiency.

Z15/20 Specifications	
Platform width	Up to 2580 mm*
Platform depth	Up to 2300 mm (steel)
	Up to 2200 mm (alu)*
Lifting capacity	1500 kg and 2000 kg
Bed height max	1500 mm
Voltage	12V and 24V
Platform	Aluminium or steel
Weight of complete lift	From 422 kg
Max vehicle weight	26 t

*See specification sheet for details

Easy to install & maintain

Simple hydraulic and electronic systems make maintenance and repairs straightforward – even for less experienced technicians. Bolt-on mounting brackets allow for quick installation (under 4 hours).

Durable, customisable design

With a robust steel structure and durable steel or aluminium platforms available in multiple configurations, the Z15/20 provides a stable, versatile and long-lasting solution that keeps cargo handling safe and efficient.

Long-term value

The Z15/20 tail lift delivers lasting corrosion protection with premium powder coating. Featuring durable hydraulics with a ClearOil long-life filter, optional solar panels, and tested for 30,000 lift cycles (12 years), it cuts downtime by up to 66% and maximises ROI.

Options

Safety	A variety of trolley stops available Flashing warning lights on platform Non-slip platform
Operation	Foot control option Auto-tilt option
Material	Platform in anodised aluminium or steel
Installation	Mounting brackets pre-drilled for all major trucks available Width adjustable mounting brackets Platform as rear door with ZEPRO's heavy-duty seal system
