

THE FLEXIBLE CANTILEVER LIFT FOR PANEL VANS

Robust design in high strength steel makes this the first choice for urban distribution with panel vans.

When using the platform or the foldable platform, the rear entry is available when the lift is stowed.

The foldable platform can be locked in open position and used as a full platform.

SUITABLE FOR

- Construction
- Wholesalers
- Highways
- Local authorities
- Railways
- Parcel deliveries
- Bakeries
- Home delivery services

Ease of use:

Double acting tilt cylinders ensure speedy loading and offloading.

Ease of Installation:

Wide range of mounting brackets to fit most commercial vehicles for fast and easy installation.

Safety:

Slip resistant platform with flashing warning lights and roll-stops.

Low maintenance:

All cylinders fully protected by bellows when lift in stowed position. Grease free bushings and stainless steel pins keep maintenance at a minimum.

The ZHZ is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.
