

DO500

FOR TIPPER VEHICLES

The industry's leading 500 kg dump over column lift.

The design of the lift allows the platform to stow below vehicle floor, giving unobstructed discharge when the body is tipped.

The dump over lift is a cost effective solution. It also allows better visibility for the driver and creates less drag.

The latest generation of DO500 has all the benefits associated with the DL500: Fully galvanised steelwork in high grade steel, protected power pack in the beam, and torsion assisted platform for ease of operation.

- **Increased payload:** 10% lighter with the same strength and rigidity.
- **Quick installation:** Pre-drilled columns and plug-and-play options.
- **Smooth operation:** Low noise with new chain drive.
- **Safer handling:** Enables forklift loading. Hydraulic body lock to prevent accidental operation.

The DO500 is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

For 3.5 tonne
tipper vehicles

SUITABLE FOR

- Waste collection
- Agriculture
- Highways
- Horticulture
- Local authorities
- Railways

DO500 Specifications

Column width	2010 – 2464 mm in 10 standard widths*
Platform depth	787 mm – 980 mm*
Lifting capacity	500 kg
Bed height min/max	800 mm – 1470 mm*
Platform	Aluminium
Weight of complete lift	155 kg
Max vehicle weight	3.5 t

*See specification sheet for details.

DO500 OPTIONS

Safety

- Pair detachable side guards
- Trolley stops
- Flashing lights
- Switch over control on dual controls
- Hydraulic body lock

Operation

- Standard Columns
- Short Column application
- Battery guard
- Dual controls, with or without Wanderlead (spiral cable)

Material

- Platform in anodised aluminium

Installation

- Plug and play installation
- Factory body fitting kit

Warranty

- 12 months parts and labour as standard
- Extended warranty

For full specification and possible combination of options please refer to lift data sheet and price list.

UPTIME ASSURED WITH DEL SERVICE & SPARE PARTS

To keep your tail lift fit for work, we start with preventive measures such as regular planned maintenance and the exclusive use of high-quality original parts. Should problems arise, we minimise your downtime with national 24/7 breakdown coverage and a broad network of service workshops with spare parts in stock. Everything is set up to ensure your business keeps running smoothly and you keep delivering.

Hiab Tail Lifts include three brands: DEL, ZEPRO and WALTCO.

Hiab is the world's leading provider of on-road load handling equipment, intelligent services, smart and connected solutions. As the industry pioneer and with a proud 75 year history, Hiab is committed to be the preferred partner and solution provider to its customers and shape the future of intelligent load handling.
