

ZEPRO ZAHD/ZAEDH

Suitable segments

- Vehicle rental
- Food and Beverage distribution
- Laundry delivery
- Construction material delivery
- Home delivery services
- Towing

Engineered for towing efficiency, the ZEPRO ZAHD/ZAEDH heavy-duty cantilever tail lift combines a low-interference construction, advanced four-cylinder hydraulics, and robust, stable and flexible design to deliver safer handling, faster operation, and maximum uptime and ROI.

Purpose-built for towing efficiency

Engineered specifically for trucks with underslung towing couplings using a split main beam and low-mounted stabiliser bar to prevent interference. Allows the tow coupling to be positioned further back, minimising the trailer gap and maximising usable load space.

Robust, safe & flexible design

Available with durable steel or aluminium platforms in multiple sizes, offering a stable working surface for all cargo handling needs. Bolt-on mounting brackets ensure quick, easy installation (under 4 hours) and minimal downtime.

ZAHD/ZAEDH Specifications	
Platform width	Up to 2580 mm*
Platform depth	Up to 2000 mm*
Lifting capacity	2000 kg
Bed height max	Up to 1710 mm
Voltage	12V or 24V
Platform	Aluminium or steel
Weight of complete lift	From 528 kg
Max vehicle weight	26 t

*See specification sheet for details

Smooth, efficient operation

Advanced four-cylinder hydraulics for fast, controlled movement in any condition, ideal for tight or uneven delivery sites. Ergonomic, easy-to-use controls increase safety, reduce operator fatigue, and improve productivity.

Long-term value

Delivering lasting corrosion protection with premium powder coating. Featuring durable hydraulics with a ClearOil long-life filter, optional solar panels, and tested for 30,000 lift cycles (12 years), it cuts downtime by up to 66% and maximises ROI.

Options

Safety	Trolley roll stops in different configurations Warning lights on platform Extra slip resistant platforms VDHH control override
Operation	PIEK platform coating Electrical auto-tilt* Radio control* ADR II & III Stainless steel wear protection on platform for extended life
Material	Galvanized steel structure
Installation	Mounting brackets pre-drilled for all major trucks available Width adjustable mounting brackets Platform as rear door with ZEPRO's heavy-duty seal system

*Also retrofittable
