

ZEPRO Z3N

Suitable segments

- Vehicle hire
- Construction
- Wholesalers
- Highways
- Horticulture
- Local authorities
- Railways
- Laundries
- Builders merchants
- Parcel deliveries
- Bakeries
- Home delivery services

Elevate every delivery with ZEPRO Z3N - the lightweight, high-performance tail lift that lets you deliver more, work faster, and achieve maximum uptime with unbeatable durability and long-term value.

Lightweight power & payload efficiency

With a standard weight of just 182 kg including a 1450 mm platform, this three-cylinder lift delivers superior stability and durability vs. two-cylinder designs to maximise payload – for more deliveries and higher revenue.

Fast, reliable performance

Advanced hydraulics and double-acting tilt cylinders enable smooth, quick operation in all conditions – perfect for tight or uneven delivery sites and handling multiple packages.

Z3N Specifications	
Platform width	Up to 2160 mm*
Platform depth	Up to 1600 mm*
Lifting capacity	750 kg
Bed height max	1000 mm
Voltage	12V and 24V
Platform	Aluminium
Weight of complete lift	171 kg
Max vehicle weight	3.5 t

*See specification sheet for details

Options

Safety	A variety of trolley stops available Flashing warning lights on platform Fixed ramps and trolley stops
Operation	Up to three controls can be used, including one radio remote control Foldable platform available for use on dropsides Auto-tilt with foot controls
