

# ZEPRO Z75

## Suitable segments

- Vehicle hire
- Construction
- Wholesalers
- Horticulture
- Local authorities
- Railways
- Laundries
- Builders merchants
- Parcel delivery
- Bakeries
- Home delivery services

Engineered for maximum versatility and long-term performance, the ZEPRO Z75 tail lift combines multiple configurations, optional tow hook, reliable four-cylinder hydraulics, and robust, corrosion-resistant construction – delivering faster operation, maximum uptime, and lasting ROI in demanding environments. End user differentiators:

### Maximum installation flexibility

The Z75 offers three arm widths and two arm lengths – ensuring seamless and fast installation (under 4 hours) on all major 3.5-7.5 tonne vehicles.

### Stable & versatile design

This sturdy tail lift with a high-strength steel construction delivers a 750 kg lifting capacity with an optional tow hook that lets you tow trailers up to 3.5 tonnes, maximising your vehicle's versatility.

Z45/75 Specifications	
Platform width	Up to 2490 mm*
Platform depth	Up to 1600 mm*
Lifting capacity	450 kg and 750 kg
Bed height max	Up to 1100 mm
Voltage	12V and 24V
Platform	Aluminium
Weight of complete lift	From 193 kg (179 kg without RUP)
Max vehicle weight	7.5 t

\*See specification sheet for details

### Fast, reliable operation

Advanced four-cylinder hydraulics deliver smooth, quick performance in any condition to maximise operational efficiency, ideal for high-frequency delivery environments.

### Enhanced safety & comfort

Ergonomic, intuitive controls reduce operator fatigue, increase safety, and improve daily productivity.

### Long-term value

The Z75 tail lift delivers lasting corrosion protection with premium powder coating and optional galvanising. Featuring durable hydraulics with a ClearOil long-life filter, optional solar panels, and tested for 30,000 lift cycles (12 years), it cuts downtime by up to 66% and maximises ROI.

### Options

Safety	Trolley stops Warning lights on platform Extra slip resistant platforms Toe guard with guide bar installation
Operation	PIEK approval Auto-tilt* Radio control* ADR EX II & III Tow hook* Also available with 450 kg capacity for trucks with this limitation
Material	Platform in anodised aluminium
Installation	Mounting brackets for all major trucks Three different arm widths for installation flexibility Platform as rear door with ZEPRO's heavy-duty seal system Guide bar on platform for installation with rear door

\*Also retrofittable
